Corporate Social Responsibility

Rogers Geotechnical Services Ltd (RGS) has a **long-term commitment** to operating as a **socially responsible** business, both internally and externally.

By **investing in our staff and communities**, we aim to strive a healthy balance between our triple bottom line comprising social, environmental and financial objectives - focused on **people, planet and profit**.

RGS strives to:

- // Invest in our staff to ensure their professional and personal well-being
- // Make a positive impact on the communities in which we live and work
- // Achieve the very best standards of good practice in a number of areas including health and safety; equal opportunities; industry-approved accreditation
- // Maximise our profits while operating as a responsible and sustainable business

To achieve this RGS:

- // TAKES CARE OF ALL THE PEOPLE INVOLVED IN OUR DAY-TO-DAY BUSINESS OPERATIONS, INCLUDING OUR EMPLOYEES, CLIENTS, SUPPLIERS, NEIGHBOURS AND LOCAL CHARITIES
- // SUPPORTS LOCAL COMMUNITY GROUPS AND CHARITIES WHENEVER AND WHEREVER WE CAN
